Dear Melissa

Reference for LAWRENCE EASTLAND

I would like to take this opportunity to express my heartfelt gratitude and appreciation for the impressive work that Lawrence Eastland has done for the Auckland campus over these past few months. Since commencing my position as Campus Manager at Auckland SAE, I've been working closely with Lawrence in the rollout of the new SAE branding in New Zealand. His design eye is extraordinary, his professionalism is exemplary and his commitment to our company is formidable. I feel incredibly grateful to have access to a designer that understands our needs, designs such remarkable work and is such a pleasure to deal with.

I appreciate that Lawrence is primarily employed to operate at a National level and working on marketing collateral beyond Australia is a fairly recent phenomena. This adds to his workload and yet he appears to have risen to the challenge and is more than willing to assist campuses across SAE Southern. I personally would recommend that his job title reflect this SAE Southern focus, as is the case for numerous positions that need updating now that they are working beyond national boundaries.

While I don't typically write a reference for a staff member internal to the company, upon hearing that Lawrence is due for a performance review shortly, I did want to take the opportunity to ensure his work for New Zealand is recognised and for you to be aware of how appreciative we are.

With kind regards

Dr Suzette Major
